

## **Shelby Hanson Tiziani**

After spending many years as an Art Director in the graphic industry I have returned to my first love, painting and drawing. I work in both pastel, acrylic and oil mediums and have received awards from the Cape Cod Art Association, South County Art Association, Leland Art League and Wilmington Silver Arts Competition.

I am drawn to subjects that give me an inner sense of calm through the color and shapes that flow through the space. A serene landscape or a simple flower can inspire me to take my journey in paint.
