

# Art League of Leland (ALL) Workshop Series

## The Artistry of Photography

Friday, March 7, 2025, 10 AM – 4 PM

### Workshop Description

The workshop will cover the history of photography, lighting, composition, depth of field, and perspective as well as portrait and street photography. In addition, we will discuss how a digital camera captures a photograph, how to capture better pictures and how art should inform photography. The day will include instruction, hands-on shooting, and a review of your work.

### About the Instructor: Jim Loring

Jim Loring's love of photography became clear as a teenager - what gripped him most was to find a creative medium to connect with the real world.

In London, his work consisted of editorial, wedding, portrait, and documentary photography, with opportunities to photograph famous names such as Princess Diana and President Nelson Mandela. His overseas work began with a trip to Romania in 1987 to photograph the impact of Nicolae Ceaușescu's resettlement policy and orphans. This led to opportunities with some of the world's leading NGOs - Care International, World Vision UK, Save the Children, Childfund, and Tearfund, where he was chief photographer and photographic editor. He has now completed more than seventy assignments around the world.

Jim moved to Georgia in 2004 and began teaching photography in 2007, and later became Program Director for Photography at North Georgia Technical College. During this time, he continued to travel internationally and exhibit his work with trips to Afghanistan, Mali, Nepal, Haiti, and Lebanon, photographing Syrian refugees.

In 2023, he moved to Swansboro, North Carolina, and is now on his third act: Photographer, TEDx Speaker, and Photography Coach.
