### **Artist's Bio**

I am originally from Wilmington, Delaware.

I have loved art all my life and there are several artists in my family. I've always sketched and painted, but never really had free time to paint, until my husband and I retired to Leland in 2010.

I signed up for a class with Ronald Williams in 2011 at Brunswick Community College and realized how much I still loved to paint. I still go to Ron's classes. I've tried all mediums, but I really enjoy acrylics the most. I love seeing the creativity of other artists.
